The **Canadian Cardiovascular Society**,
Dr. Paul Dorian, Professor of Medicine, University of Toronto
and Director, Division of Cardiology, St. Michael's Hospital
and **AXDEV Group** would like to inform you
and encourage your participation in a research study entitled:

“Educational Needs Assessment in Atrial Fibrillation”

This study:

- Is to better understand the learning needs of physicians in the area of Atrial Fibrillation
- Involves a 15 minute online survey
- Has been reviewed by **Institutional Review Board Services (IRB)** and is consistent with the rules and regulations of ethical behavioral research
- Provides financial compensation of \$75 for your full participation
