

**Academic Cardiologist with focus on Cardiac Magnetic Resonance Imaging
University of Ottawa Heart Institute
Ottawa, Canada**

The Division of Cardiology at the University of Ottawa Heart Institute seeks application for a full-time academic cardiologist with a clinical and research focus on Cardiac Magnetic Resonance (CMR) Imaging. Based on the candidate profile they may be eligible to be Co-Director of the CMR program.

The University of Ottawa Heart Institute is a large tertiary centre providing cardiovascular care to Eastern Ontario and Western Quebec. The dedicated cardiac MRI performs approximately 1500 cardiac studies a year. The program includes an integrated multimodality imaging fellowship program and research programs. As well, the Ottawa Heart Institute has a large imaging team with dedicated Echocardiography, Cardiac CT, Nuclear Cardiology and Cardiac PET facilities and is considered an international leader in clinical care, training, and research.

The city of Ottawa provides a thriving multicultural and bilingual environment. Ottawa boasts numerous cultural activities as well as readily accessible sporting and natural resources, making it an ideal family and healthy living environment.

Candidates must hold FRCPC certification in Cardiology or equivalent specialty certification and have Level 3 training in CMR. Candidates should preferably have a strong research interest along with formal research training, and a significant publication record. Practice profile will be negotiated based on expected academic and clinical deliverables. Academic appointment ranking will be based on qualifications and experience.

The Department of Medicine and Division of Cardiology are committed to employment equity and creating a diverse environment. All applicants will receive consideration without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, or age, all of which need not be declared. The Department of Medicine and Division of Cardiology are also committed to compliance with all fair employment practices regarding citizenship and immigration status.

Interested applicants should forward their curriculum vitae and the names of three potential references (suitable candidates will later be asked to provide three letters of reference) to:

Benjamin Chow, MD
Professor, Department of Medicine (Cardiology) and Radiology
Director, Cardiac Imaging
University of Ottawa Heart Institute
40 Ruskin Street
Ottawa, ON K1Y 4W7
