

## 2021 - 2022

The Canadian Cardiovascular Society Academy (CCSA) is a charitable organization that provides cardiovascular trainees with unique programs and services from the moment they begin specialized training through to the first years of employment. The CCSA provides support for medical students, prospective cardiovascular specialists, scientists in training and current cardiovascular trainees as a means of encouraging the continuation of a strong cardiovascular sector in the future.

Donations from individuals and organizations provide the necessary funding to expand existing and develop new CCSA programs.

## CCSA BOARD MEMBERS

Dr. Nisar Huq, President

Dr. Mangeet Chahal, Past President

Dr. Nadine Gauthier, Secretary/Treasurer

Dr. Martin Gardner, Member-at-Large

Dr. Brian Potter, Director

Dr. Christopher Cheung, Director/Trainee Representative

## CCC Trainee Program & Networking Luncheon

The cardiovascular trainee program at CCC offers hands-on skill labs as well as educational sessions in research, cardiac surgery, cardiology, and personal/career development.

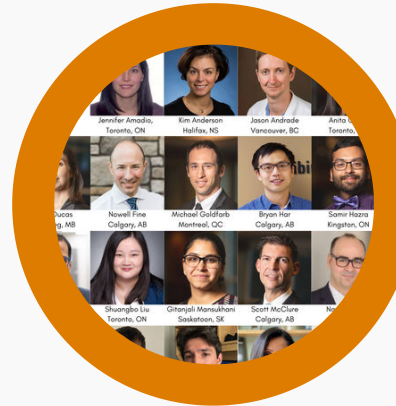

2.5 days of programming

300 student/trainee attendees

## Future Leaders Program

This leadership program is designed to support the needs of early-career members. Formerly known as the CAN-Fuel Program (CANadian Cardiovascular FUturE Leaders), it was relaunched as part of the CCSA in 2021 under the name Future Leaders Program.

25 early-career members in 2021

30 mentors in 2021

The Future Leaders Program is supported by:

Canadian Institutes of Health Research  
Instituts de recherche en santé du Canada
